STUDENTS LOVE IIT, IIM AND IIMH PAGES

A well-maintained social media page of a college is hard to find in Kolkata. But there are a few exceptions like IIM Calcutta, IIMH and IIT Kharagpur. These institutions have a strong social media presence, as the college authorities make it a point to keep their pages updated. The page of IIT Kharagpur was created to keep the students updated about the activities. And that's always maintained. The

'GLOBAL DESI'
JOIN THE HOSPITALITY DAY CELEBRATIONS WHILE YOU TRAVEL ON SLS FRIENDS FM

RATAN N. TATA
HALL OF FAME
HONOREE 2017

DR. SEBASTIAN BEVA
CEO & Managing Director
IHC

Our dream was to get the entire Hospitality Industry to unite and together it is that belongs to all of us. Hospitality is the love of our industry. Love, it has to come in the form of celebrating Hospitality Day and that's absolutely wonderful.

Prof. David Parkett
Chairman
International Hospitality Council

"To be human is to be hospitable". Congratulations to Dr Beva and his team for reenergizing the cause of hospitality across all global scales... Best wishes to all.

APRIL 24. TODAY, WE CELEBRATE HOSPITALITY. AS A PROFESSION. AND AS OUR CULTURE.

April 24. Today is Hospitality Day. And, so is tomorrow. And, the day after. To be human, is to be hospitable. Hospitality is deeply entrenched in our Culture. *Atithi Devo Bhava*. Hospitality. It's for Everyone. And Every Day.

HOSPITALITY. IT'S FOR EVERYONE. AND EVERY DAY.

APRIL 24 HOSPITALITY DAY. ROLL OF HONOR

"I am very happy that you will be celebrating the spirit of hospitality on 24th April. And recognising contribution of industry stalwarts who have raised the bar in the hospitality industry."

PRS OBEROI
Executive Chairman, The Oberoi Group

Tourism Industry to generate almost 6.5 million additional jobs by 2022

Friday, April 10, 2015, 14:00 Hrs [IST]

By HBI Staff | Mumbai

Travel, Tourism and Hospitality industry in India will open almost double the number of job opportunities in the country between now and year 2022. These three segments together employed 6.96 million people in 2013, and predicted to provide employment to 13.44 million people over the next decade, said the Human Resource and Skill Requirement Report by the government. The report containing incremental human resource requirement across 24 sectors in the country was released by Rajiv Pratap Rudy, Minister of State (Independent Charge) for Skill Development and Entrepreneurship, in Delhi.

According to the findings of the report, the incremental human resource requirement across these 24 sectors is nearly 109.73 million whereby the top ten sectors account for about 80 percent of requirements. As per the report, Building, construction and Real Estate sector will be the biggest employment generators in the coming decade accounting for an additional job opportunity of 31.13 million.

Speaking on the occasion, Rudy said that as the old adage goes, what cannot be measured, cannot be corrected. The idea behind the Skill Gap Studies is to understand which sectors are likely to face the biggest gaps. It is imperative for the government to plan the 'skilling' of future workforce of India on the basis of these reports, he said.

Sunny days ahead for hospitality sector, set to grow by 9-10% through FY23: Report

FC BUREAU
New Delhi

THE hospitality industry is expected to grow annually by 9-10 per cent over the next four years, mainly due to robust domestic demand and a muted supply pipeline, says a report.

Going forward, rating agency Icria expects revenue improvement and margin expansion for the hotel industry and growth is expected to be 9-10 per cent over the next four years, with a strong 10-12 per cent during 2018-19.

The domestic demand in FY19 will continue to be driven by increased air connectivity, and higher appetite for domestic leisure travel, the report adds.

Besides this, the expects domestic demand to get a boost from the robust cor-

porate performance, which has witnessed the strongest top line growth in the last 10 quarters in the September quarter of the current fiscal year.

The supply side, however, is likely to lag demand over the medium term and grow at a subdued 3.6 per cent over the next five years, warns the report.

But the situation is set to improve given the inventory and the number of premium rooms across 12 key cities is likely to go up from 82,800 in FY18 to 98,900 by FY23.

"This low supply growth is expected to be the backbone for the current up-cycle, as demand is expected to grow at a much faster rate. The demand-supply gap is expected to go up from around 1 per cent in FY18 to 5 per cent in FY2023," the report notes.

Margins are likely to expand due to operating leverage, with return of stronger revenue growth, it adds.

Interest and debt cover are likely to improve gradually over the medium term but the return on capital employed is expected to remain at sub-cost of capital at least till FY20, notes the report.

The total debt for the industry is set to improve to 1.2 times in FY23 from 3.9 times in FY2018 and 3.1 times in FY19.

The debt reduction measures undertaken by some large industry participants have resulted in sizable reduction in leverage levels as of March 2018 as a result return on capital employed is expected to improve upwards of 15 per cent in FY23 from 6.3 per cent in FY2018, it adds.

"We expect the current

industry up-cycle to continue over the next three to four years and the outlook continues to be stable. The stable outlook will be driven by robust domestic demand and a muted supply pipeline. The return of pricing power across key markets will be more evident from the next rate cycle beginning January 2019 and a consequent improvement in financial performance is expected," Icria vice-president Pavethra Ponniah says.

However, she says, costs will need tight monitoring as the main concerns faced by the industry are fund availability and other case specific factors stemming from heightened competition in the property market, poor revenue management, delayed projected commissioning and over-leveraged capex and acquisitions, she warns.

- Hotels sees double digit tariff growth after 9 years Occupancies have expanded for 4 consecutive years and hit a 9 year high of 65% in FY2017. Occupancies continue to rise Further in FY18. Rising Spending power coupled with proliferation of low cost carriers has enabled increased domestic travel. Industry has entered a strong uptrend that may last for few years Most Indian travellers plan to spend Rs 1 lakh this summer Over 14% growth in foreign tourist arrivals, Foreign tourists arrivals hit new high of 1 crore.
- Occupancy growth has improved as demand outpaced supply in most Indian markets. Expect a double digit improvement in tariff.
- According to HRAEI, investment in the upcoming 5-star, 4-star and 3star hotel projects would be approximately Rs 3,500-4,000 crore. The target audience of these hotels would also include business clients, IT sector and transit passengers Tariffs in general across India are now likely to rise for the next four to five years as new supply is ebbing. HVS said the demand-supply equation today and in the next 48-60 months is more than likely to present an opportunity for substantial average rate enhancement. The overall average (across segments) ARR was Rs 5,658 in 2016-17, arresting the constant fall in rates seen since 2010-11

**UWL is a top 50 UK University –
Guardian University Guide 2019**

Tuesday, May 29, 2018

Great news for the University of West London (UWL), as it achieves its highest ever position in UK league tables, climbing to an impressive No.50 in the new Guardian University Guide 2019 rankings of UK higher education institutions.

The prestigious independent guide ranks UWL as

- **No.50 out of 121 universities nationwide and**
- **also the No. 1 modern University in London* and**
- **No.4 in London overall.**

Welcoming the news, Professor Peter John, UWL Vice-Chancellor said: 'We are delighted to achieve our highest ever ranking with these latest, excellent results which underline UWL's consistently strong performance in realising our mission to provide students with a high quality, career-focused education which delivers life-changing career opportunities.'

'Our continued investment in facilities, curriculum and staff is testament to our commitment to creating the best possible environment for our students in which to learn, develop and thrive.'

INTERNATIONAL INSTITUTE OF HOTEL MANAGEMENT

INDIA'S LARGEST HOTEL SCHOOL CHAIN

KOLKATA | DELHI | BANGALORE | HYDERABAD | JAIPUR | PUNE | AHMEDABAD | BANGKOK

This year, new facilities at UWL include the Westmont Enterprise Hub, The Faringdon Centre for Non-Destructive Testing and the West London Food Innovation Laboratory, all of which link students, local businesses and UWL experts to help drive innovation in the community. In April, a new permanent exhibition documenting the history of Heathrow Airport, entitled: 'Heathrow: The Journey', opened to the public at UWL's Ealing campus.

UWL's strong performance in the Guardian University Guide 2019 follows the University's recent nominations in the highly regarded **Times Higher Education Leadership and Management Awards 2018** (THELMAs) in the categories of

'Outstanding Financial Performance' and ***'Outstanding Employer Engagement Strategy'***.

[UWL is thriving according to the Guardian University Guide 2019](#)

*A modern university is a university created in, or after 1992. UWL was ranked No. 1 modern university in London when compared to all other modern universities ranked in the Guardian University Guide 2019. The Guardian University Guide 2019 does not itself have a specific category for modern universities.

May 8, 2018

Dear Mr. & Mrs. Bhattacharya

It is my pleasure send a note to you both about your son Ayasmit as an outstanding potential graduate student. You should know that throughout my career I have taught at many of the top Universities in Canada and presently teach on the master's program at WESTERN University known as the "Harvard of the North". I am writing this while a Professor of International Business, teaching both in the Graduate Diploma course at the School of Management and International Development at Niagara as well as the International Business program where Ayasmit currently is registered in his 2nd term at Niagara.

I have been prompted by nothing but excellence on your son Ayasmit's part to write personally to both of you, Ayasmit's family, about a very special student. As a lifelong businessman and adult educator, it is rare in deed to come across a student as unique as Ayasmit. I have asked Ayasmit to forward this to members of his family on my behalf after his A+ 90% final grade performance in a class of 70 + students on the final exam in my International Business course here at Niagara College.

I don't have to tell members of the family that Ayasmit is special. He is NOT a follower. He is well respected by faculty, his peers and his friends as he is now being completing his second term at Niagara College. He is very creative and determined to succeed.

Every so often one comes across a student who is absolutely committed to furthering his education and career in a way that is outstanding. Ayasmit is such a student. His work, attendance, involvement and commitment to class are outstanding. He delivers work at the highest possible level and currently maintains an A+ average in all my courses and shows the talent to succeed with further graduate work. What prompted this letter was a grade of 90% in his final examination and attained this overall average of 90% A+

I believe Ayasmit will make a significant contribution to not only Canada but to the world. He is a keen researcher, an excellent writer, a team player and natural leader in the courses in which he is enrolled here at Niagara. I also believe he would have no problem holding his own at the best master's programs in CANADA or the USA, and in fact he would be welcome at the best institutions that we have here.

I have written this note to you to congratulate you both on the development of a wonderful son, but also and perhaps more importantly a great leader. This independence and willingness to learn can't be taught but is certainly can be supported by obviously a great family.

Congratulations,

Glenn W. Marshall, Ph.D.
